

Monday 29th November

Christmas performances

Dear parents and carers,

Today I write with the disappointing news that we will no longer be able to welcome visitors in to school in the lead up to Christmas. This follows a directive from TKAT (the multi-academy trust to which Dame Janet belongs) which states that external visitors will not be allowed. This means that we will be unable to welcome parents and carers into school for the Christmas performances – please be assured we are just as disappointed as you are, but we also understand the need to keep the community safe.

However, lucky for us, we are a school with some good technologies to support us. Dame Janet teachers are meeting after school tonight to put a firm plan into place, but what we will see is the recording of performances which will be sent to you securely, and you'll be able to watch in your own time. *Further details will follow.*

Also, you will also notice, from tomorrow, that staff have returned to wearing face masks in communal areas and when out on the playgrounds etc. We would strongly invite our families to do the same whilst you are on the school site.

We apologise for this disappointing news, but thank you for your continued support and understanding.

Kind regards,

Mrs G.Sherwin

Head of School
